Your child has a unique opportunity to experience the life of the Everglades that is found right in our own backyard through the program *Everglades Experience*. On this all day trip while slogging through the slough and riding on an airboat we will become "Wildlife Biologists", identify flora and fauna, measure alligators (from a safe distance), search for critters, analyze water quality, smell the peat, and so much more!

On the date indicated below, the *Science Eye* will be taking us to Everglades Holiday Park for our field experience. We will be experiencing the Everglades firsthand as scientists! I know this will be an unforgettable experience for your child.

The cost of this unique opportunity is \$_____ per child. To ensure everyone's participation in this educational experience, please return the **Intent to Participate**, which is the bottom of this page by the date indicated.
