

Science Exploration

by Science Eye ~ www.ScienceEye.com

Journey into the world of science with Science Eye online! We will explore science topics that will take you through Earth, Life, Space, Engineering & Conservation sciences. Only the adventurous will dare to go on expeditions from the deep sea to deep space. So grab your gear for interactive, inquiry-based, fun-filled programs!

You can join one of the pre-scheduled programs as an individual, or if you are part of a group and would like your own series of science programs, please contact me to set up a schedule.
